## UNIQUE ADVANTAGES!

### A wide selection of PPE in one place

We will fill the CERVA VAM BOX with what your employees need. It is only up to you and the needs of the company. Your employees will always have what they need and they will always be protected.

### Save both time and money

Speed up the PPE issuance and save time you normally use to order it. Moreover, you will save up to 40% of issued products.

### Complete service for your company

You only have to choose what you need to take out of the VAM BOX. You do not have to worry about the operation of the VAM BOX.

### All at one touch

CERVA VAM BOX shows you amount of products and the amount to be refilled in real time. The software sends automatic emails and can export consumption data into Excel for further analysis. Automatic updating of employees and their PPE entitlements.

### Monitoring of employees and their consumption

Keep PPE consumption under 100% control. CERVA VAM BOX will allow you to set the number of withdrawals for each employees and permitted sizes. Then you can do a consumption check and analysis.

### CERVA VAM BOX is easy to use

To take the necessary PPE from the VAM BOX, the employees need just their attendance card or chip.
